Subject: Updated School Exclusion Guidelines

Dear EASTERN Families,

The Montgomery County Office of Public Health updated their COVID-19 School Isolation and Quarantine Guidelines last Thursday. Students ages 5-17 who have received their vaccination but have not received a booster shot do not need to quarantine after a close contact if they remain asymptomatic. [School Isolation and Quarantine Guidelines](#)

The link to these guidelines is included and will be posted on our website.

Cathleen Plesnarski, Ed.D.
