PROTECTIVE SERVICES

Action, adventure and saving lives! You’ll earn several certifications to give you a head start on careers in this field. This two-year half-day class is a multi-disciplined program developed in consultation with a countywide advisory committee of law enforcement, fire science, security professionals and post-secondary institutions. Instruction is provided on leadership, criminal, motor vehicle crash and fire investigation, first responders, security systems, firefighting, and much more.

The program prepares students for entry level employment as data input specialist, customer service representative, and administrative assistant. With further education and experience, students can find opportunities in occupations such as human resources, legal office manager, health records management, accounting clerk, and office manager.

Business and Technology Professional students may participate in dual enrollment with Montgomery County Community College for up to 9 transferable college credits. Students will obtain Microsoft Office Specialist - Word certification.

NETWORKING AND CYBERSECURITY

Would you like to be a college student while still in high school? While in EASTERN’s Networking and Cybersecurity program, you can choose to enroll in Montgomery County Community College for up to 12 transferable credits and are prepared for other industry-standard-certification exams. The program prepares students for careers in networking, systems administration, and cybersecurity. With further education and experience, students can find opportunities in occupations such as network and computer administrator, computer network support specialist, network engineer and security analyst.

Students prepare for the TestOut Microsoft Server Certification exam.

According to the U.S. Department of Labor, employment of computer and information technology occupations is projected to grow from 2014 to 2024 - faster than the average for all occupations.
